VASCO

The famous Portuguese maritime explorer Vasco da Gama set out to do what no European Voyager had done before – open a trade route from Portugal to the East.

Many thought it an impossible dream, but, in September 1499, Vasco da Gama proved them wrong and triumphantly returned laden with riches beyond imagination. Today, his memory and spirit live on at Grand Lapa Hotel

With an irresistible selection of international and local tapa-style treats, exquisite high tea, and long leisurely afternoons, Vasco is a rare, one-of-a-kind experience that even the Portuguese ancestors would be proud of.

We invite you to peruse our menu selections.
