

## Celebrate the year of the Fire Monkey at The Oriental Spa

7 to 15 February 2016

The energetic Monkey is a natural leader and innovator, self-assured and determined. This treatment is designed to ignite the fire in our Fire Monkey for 2016. A full-body exfoliation and relaxing body massage will help prepare you for the year's approaching changes. The hands-on massage combines the powerful effects of Oriental meridian massage with a blend of sensuous Ylang Ylang, rose and soothing chamomile oils to encourage joy and emotional release. You will also be provided with boiled pomelo-leaf water to pour over your body in the shower to cast away negative energy and ensure good health for the year ahead.

This two hours treatment is available at THB 5,800 ++. You will also receive a complimentary gift set, including exotic sun-dried Roselle Tea and two embedded loofah-soaps (valued at 1,150 Baht).
