*Introducing "QMS MEDICOSMETICS"
Intelligent Skin care that works*

The Spa Mandarin Oriental, Bangkok launches a new beauty initiative Beauty by Mandarin Oriental. Relax in the comfort of a private, spacious beauty suite while our skilled Therapists administer effective, long-lasting treatments. You can choose from a range of luxurious and results-oriented signature treatments by Gala Spa Award winning QMS Medicosmetics.

QMS Medicosmetics was founded 27 years ago in Germany, as intelligent skincare formulations based on scientific reason, producing lasting and transformative results.

Dr. Erich Schulte, founder of the brand has developed a method using nanotechnology to re-introduce natural soluble collagens topically and boost skin regeneration. Research suggests that collagen keeps the elasticity of the skin youthful. This collagen-enhancing process became the foundation of the brand and is still regarded as one of the most iconic innovations in the beauty sector. The founding product is a revolutionary facial care system, which reverses the appearance of aging by addressing the underlying cause.
