MEETING ROOMS

The hotel has two modern meeting rooms with capacity for forty people each. Both can be split into two spaces for eighteen people. Designed in avant-garde style, the rooms will satisfy all your possible technological requirements.

Our team of professionals, capable of providing the highest level of personalized service in Barcelona, will ensure your meeting is a different and memorable event. And thanks to the hotel's design, for special occasions we can offer you a rooftop terrace, designer garden and outdoor dining service either in one of our restaurants or in the place of your choice in the city.

Mandarin Oriental, Barcelona Passeig de Gràcia, 38-40 08007 Barcelona, Spain Telephone +34 93 151 88 88 Facsimile +34 93 151 88 89 Email mobcn-sales@mohg.com mandarinoriental.com

Our exclusive hotel is situated in an elegant mid-twentieth century building with a strikingly modern interior designed by Spanish-born Patricia Urquiola. Just a

short stroll away from the bustle of the Ramblas, the Gothic Quarter and the best fashion and design stores in the city. Whatever the reason for your visit to this fascinating city, we invite you to enjoy the exclusive experience of a stay at the Mandarin Oriental, Barcelona.

GUEST ROOMS AND SUITES

The hotel has 120 rooms and suites. The suites, with their own terraces and dining rooms, have been created to host private events and also provide a more comfortable business venue in this prime location. The rooms, some with a balcony or a terrace, have views of either the Passeig de Gràcia or the Mimosa garden.

RESTAURANTS AND BARS

Moments, which boasts two Michelin stars, is our gourmet restaurant and offers one of the best dining experiences in Barcelona. It is managed by the family team of the multi-awarded chef Carmen Ruscalleda and her son Raül Balam.

Blanc restaurant, located in the basement, is the heart of the hotel. With natural light filtering through the large skylight all day long, Blanc has been designed to create a unique atmosphere. The huge suspended metallic grid is one of the most spectacular features in the hotel. Blanc Brasserie & Gastrobar offers Mediterranean cuisine with Asian influences.

The Banker's Bar is one of the most interesting meeting points in the city: a combination of an intimate and lively atmosphere where you can sample a wide selection of cocktails. The Banker's Bar pays tribute to the building's past, when it was occupied by a well-known bank, by incorporating the original security boxes into its design. The bar also has a small outdoor terrace and organises musical events during the week.

The Mimosa garden, situated in an inner courtyard typical of the Eixample district, provides incomparable surroundings to relax in and the chance to enjoy outdoor dining during the spring and summer seasons. Light food with an irresistible Mediterranean flavour, which is complemented by dishes of Italian, Greek and Lebanese inspiration.

On Terrat rooftop terrace guests can lounge by a spectacular dipping pool while enjoying cocktails and nikkei food with the unique Barcelona skyline as backdrop.

THE SPA AT MANDARIN ORIENTAL

Conceived as a sophisticated urban oasis, the Spa at Mandarin Oriental, Barcelona is an intimate, minimalist space in contemporary style but with an exquisite oriental touch. Covering an area of 1,000 square meters, it has eight spacious treatment rooms: four with aromatherapy showers, two treatment suites for couples and two oriental suites with whirlpool baths and futons for the traditional Thai massage.

The facilities are completed by a water area that includes a twelve-metre-long indoor pool, a hammam and rainforest showers, and a fitness centre. The Spa also offers the exclusive services of Bastien Gonzalez's Pedi:Mani:Cure Studio and treatments and facial products by Linda Meredith.
