MANDARIN ORIENTAL INTERNATIONAL LIMITED

Interim Management Statement

5th November 2014 – Mandarin Oriental International Limited has today issued its Interim Management Statement covering the period from 1st July to 4th November 2014.

The trading momentum across the majority of the portfolio remained positive, although some of the Group's hotels experienced challenging conditions. In Asia, the ongoing political uncertainty in Bangkok continued to affect results, and while the Group's Hong Kong hotels had been trading well, occupancy has suffered from the continuing demonstrations in the city. Europe benefited from further progress in Paris and an improvement in Geneva, which more than offset softer demand in London. The results in The Americas were impacted by lower demand in Washington D.C.

The Group's development projects remained active. In July, the Group opened Mandarin Oriental, Bodrum, a luxury resort in Turkey. In September, a management contract was announced for a 200-room urban resort in Dubai, scheduled to open in 2017. Following the announcement of a management contract for a new luxury hotel in Manila, due to open in 2020, the Group's existing hotel in the city was closed in September. Two new hotels are planned to open within the next 12 months, in Marrakech and Milan. In October, the Group also announced it is to brand and manage 146 *Residences at Mandarin Oriental* in Bangkok that will be developed as part of a large mixed-use project located diagonally across Chao Phraya river from Mandarin Oriental, Bangkok.
