

## **THE SPA AT MANDARIN ORIENTAL, BOSTON DEBUTS BIOLOGIQUE RECHERCHE SKINCARE**

**Hong Kong, 13 March 2017** – The Five-Star [Spa at Mandarin Oriental, Boston](#) is delighted to announce the debut of three new facial treatments featuring world-renowned French skincare line, [Biologique Recherche](#).

On March 13, 2017, The Spa will offer three new innovative Biologique Recherche facials: the *Custom Made Facial*, the *Remodeling Face Facial* and the *Second Skin Facial*. Featuring Biologique Recherche's proprietary methodology, each treatment will begin with a personalized skin analysis performed by a brand-trained esthetician, followed by a gentle cleanse to balance, exfoliate and prepare the skin. Based on the assessment results, a customized treatment to hydrate, revitalize and protect the skin will complete each experience. As the only Spa in Massachusetts to showcase Biologique Recherche, guests will be able to exclusively enjoy any of the following facials:

### **Custom Made**

Ideal for all skin types, particularly those in need of reconditioning, repair, lifting, and pigmentation restoration, this customized facial features a combination of highly concentrated, fragrance-free, naturally active ingredients that feed and balance the skin. The unique success of these personalized treatments can be felt immediately and durably. This 1 hour experience will be available for USD 230 on weekdays and USD 250 on weekends.

### **Remodeling Face**

Using state-of-the-art technology, Remodeling Face combines the power and synergies of electrical and high frequency currents with the efficiency of Biologique Recherche products, a combination that reinvigorates the skin by stimulating the epidermis. Available for USD 290 on weekdays and USD 320 on weekends, this 1 hour 20 minute experience lifts and tones the skin, providing immediate, long-lasting results.

### **Skin Instant Lab®**

For ultimate results, Skin Instant Lab® can be added to any of the Biologique Recherche facial experiences. This unique digital analyzing system is used for diagnosing and prescribing customized facials and products. Results will reveal healthy, visibly refined and radiantly glowing skin.
