ROOMS & SUITES

The Excelsior is the largest hotel on the Hong Kong Island with 869 rooms and suites. Each room offers complimentary WiFi, a “handy” smartphone with unlimited Internet access, local calls and international calls to selected countries and pre-installed popular Apps. Guest can relax in the space of comfort and tranquillity after a busy day in Hong Kong.

The Executive Floors of the hotel enjoy breathtaking views of Victoria Harbour and the city. Guests also have exclusive use of the Executive Lounge on the 31st floor – a warmly decorated sitting room with a reception area for express check in and out, complimentary breakfast, mid-day snacks, evening cocktails as well as tea and coffee service.

The hotel’s twenty-one suites range from 591 square feet (55 square metres) to 796 square feet (74 square metres) in size, offering elegantly decorated sitting rooms for visitors.

Drawing inspiration from the 270-degree harbour view, the Excelsior Suite measures 1,380 square feet (128 square metres), including an expansive master bedroom, a dining area with seating for six, an open kitchen and a walk-in closet. While the blue gradient carpet mimics the tranquil sea, the bright orange sofa adjoining the window, the highlight of the space, serves as a perfect spot to relish as the sun descends. The expansive living area is complemented by spectacular views of the glittering sea and the Kowloon Peninsula. The dining space is well connected with the open kitchen, allowing guests to craft their creations while chitchatting with friends. The marble bathroom of the master bedroom is complete with elegant yet simple finishes, presenting twin basins, a washlet, as well as a Kaldewei soaking bathtub. A separate walk-in shower is equipped with an anti-fog mirror and a rainforest showerhead for total relaxation.

The hotel offers non-smoking floors and, on the sixth floor, there are two specially designed rooms for the disabled equipped with customised facilities and arrangements. In addition to standard room options, long staying guests can choose from apartment suites. Each suite is equipped with a kitchenette with cooking facilities.

All rooms and suites feature flat-screen TV with over 40 satellite and cable channels, movies on-demand, multi-function alarm clock, international direct dial telephone with two lines, voice mail, tea and coffee making facilities, refrigerator, mini-bar, hairdryer, iron and ironing board, in-room personal safe and 24-hour room service. In addition, all suites are equipped with Nespresso coffee machine and Alfie Home Entertainment DVD/VCD system.
