THE LANDMARK MANDARIN ORIENTAL, HONG KONG

The stunning [Landmark Mandarin Oriental, Hong Kong](#) is one of Asia's most luxurious, stylish and contemporary hotels with one of the largest hotel rooms in Hong Kong and also one with a premier holistic spa offering a comprehensive range of Eastern and Western treatments.

The recent recipient of the prestigious Forbes five-star award, the hotel is located at The Landmark in the heart of Central, a few steps from most of Hong Kong's key commercial buildings as well as those shops providing the highest concentration of luxury brands in Asia. This premier location combined with international architect-designed bars and restaurants serving superlative food and wine ensure the hotel is an irresistible magnet for Hong Kong's social and business elite. In addition, the hotel's purpose-built function rooms are perfect for designer fashion shows, product launches and other celebrations.

General Manager Greg Liddell says, "The Landmark Mandarin Oriental, Hong Kong has established a new benchmark for luxury, elegance and dedicated service combined with state-of-the-art technology and the latest in contemporary design."

The hotel's creation marks the first time that two of the world's most lauded hotel interior designers, Hong Kong-born Peter Remedios and Transylvania native Adam D. Tihany, have worked together. Remedios, based in Los Angeles, designed the stunning 113 rooms and suites as well as the spa, while Tihany has created the unique restaurant and bar concepts that are destined to be Central's new icons.

The hotel offers amongst the largest [guestrooms](#) in Hong Kong, with an average size of more than 50 square metres – indeed most of the rooms are over 55 square metres – a true indulgence in a busy metropolis where ample space to relax is a luxury. The rooms and suites offer sleek, modern design and clean lines, combined with subtle colours and the comforts of home. Every aspect is designed for pure sensory indulgence, from the avant-garde objets d'art and the stunning glass-walled bathrooms with seven-foot round bathtub to the 480 thread-count bed linen and the advanced in-room guest entertainment, with most rooms having three LCD televisions.

The signature Two-star Michelin restaurant, [Amber](#), is as stunning as its first-class modern French cuisine and excellent wine list. Amber has also claimed a spot on S. Pellegrino's prestigious "World's 50 Best Restaurants" Awards three years in a row as well as in the 2014 Forbes Travel Five Star Restaurant Guide. Meanwhile, the hotel's bar, MO Bar is a sophisticated and luxurious meeting place with great food, drinks and discerning service in the heart of Central - somewhere to relax and socialise, whether it's over afternoon tea during the day including some of the most prominent collaborations with the likes of Jimmy Choo and Ladurée or over cocktails at night accompanied with live tunes by our residential DJs. MO Bar is also renowned for bringing international personalities and new concepts such as its Unplugged concerts with acts like Annie Lennox, Alicia Keys, John Legend and many more while its annual Masters of Mixology event brings some of the world's best mixologists to Hong Kong. MO Bar is located on two levels and features a huge, illuminated red circle – the Big O, a Chinese symbol for shared experience – on one end of the bar.

[Meeting rooms](#) named Tian (heaven) and Di (earth) are equipped with state-of-the-art audio-visual equipment and can accommodate up to 80 guests theatre style.

[The Oriental Spa](#) is undoubtedly the premier urban spa in Asia. Located on two floors of the hotel, it features calming and relaxing natural materials such as bamboo, natural stone and wood. Therapists at The Oriental Spa have been trained in the finest ancient traditions of Chinese, European and Thai cultures including Sodashi treatments.
