ROOMS AND SUITES AT MANDARIN ORIENTAL, MUNICH – LUXURIOUS, INDIVIDUAL, PRIVATE AND FLEXIBLE

Guests of Mandarin Oriental, Munich have the choice between 48 guest rooms and 25 suites, each individually designed with an East-meets-West aesthetic. With views stretching over the city or the famous Hofbräuhaus beer garden, the room's design blends boutique chic and classic comfort, by the use of rich fabrics in combination with Oriental touches. Predominantly colours are cream, taupe, brown, smoky blue and light salmon pink.

King-size beds with down comforters, crisp linens and cotton bedspreads ensure highest comfort, while bespoke furniture, carpets, original artwork and Neo-Classic prints add to the hotel's elegant residential feel. All guest rooms feature sleek cherry wood furniture in Neo-Biedermeier style, with subtle Asian influences, reflecting Mandarin Oriental's Oriental heritage. In addition, all rooms offer complimentary mini bar, state-of-the art entertainment such as Bang & Olufsen flatscreen televisions, in both the bedroom and bathroom, and a yoga mat for morning stretches.

The luxurious Grand Presidential (325m²), Presidential (120m²) and Oriental Suite (70 m²) also provide a winter garden, creating an airy, light-flooded atmosphere as well as unique views of the cityscape and landmarks. Furthermore, some of the hotel's 25 lavish suites offer diverse connecting possibilities to meet individual guest needs. It's thus possible to enlarge the two-bedroom Presidential to the Grand Presidential Suite, which includes the vast 120m² suite as well as five additional bedrooms. Taking up half a wing of the hotel's top floor, each room offers a different view, with the finest available from the Presidential Suite's glass enclosed dining area and wraparound balcony.
