

Access to Mandarin Oriental, Jakarta during Odd-Even License Plate Traffic Policy

Dear Valued Guests,

The Jakarta city administration has just recently introduced the odd-even license plate regulation that aims to ease traffic congestions and reduce travel time within several protocol areas in Jakarta.

This policy is implemented during peak traffic hours every morning (7-10 am) and evening (4-8 pm) on Jalan Sudirman-Thamrin-Gatot Subroto. While the policy affects Jalan Thamrin where we reside, the hotel remains accessible through the slow lane at Jalan Imam Bonjol (across Deutsche Bank). To better assist you, we are placing additional personnel and signage along the Imam Bonjol entrance.

Should you need more information or require additional assistance, please feel free to contact our team at +62 21 2993 8888.

Akses Masuk ke Mandarin Oriental, Jakarta selama Peraturan Lalu Lintas Ganjil-Genap Berlaku

Para tamu yang terhormat,

Pemerintah Kota Jakarta baru saja memberlakukan peraturan lalu lintas ganjil-genap yang bertujuan untuk mengurangi kemacetan dan waktu perjalanan di beberapa area protokol ibukota.

Peraturan ini berlaku selama waktu puncak kepadatan lalu lintas setiap pagi (pukul 7-10 pagi) dan malam (pukul 4-8 malam) di Jalan Sudirman-Thamrin-Gatot Subroto. Walaupun peraturan lalu lintas tersebut mempengaruhi Jalan Thamrin dimana kita berada, hotel ini tetap dapat diakses melalui jalur lambat di Jalan Imam Bonjol (seberang Deutsche Bank). Untuk membantu anda, kami menempatkan beberapa tambahan personil dan tanda-tanda jalan sepanjang pintu masuk Imam Bonjol.

Apabila anda membutuhkan informasi tambahan atau bantuan lebih lanjut, silakan menghubungi tim kami di +62 21 2993 8888.
