MANDARIN
GRILL + BAR

OUR CONTINUOUS SUSTAINABLE JOURNEY

At Mandarin Grill + Bar, we source local ingredients as much as possible and take this process very seriously. Aiming to give back to the community, we give small growers and farmers the opportunity to showcase their products.

FOOD MADE GOOD

We work closely with Food Made Good, a sustainability consultancy, to better understand the growing concerns the Food and Beverage industry has on the environment. By defining the categories – Society, Sourcing and Environment – it allows us to continue to source and search the most ethical and sustainable ingredients as well as support locally, whilst also reducing the carbon footprint of Mandarin Grill + Bar.

SEAFOOD

We use suppliers who catch and fish only when in season and with more integrity on the actual process by line-catching fresh seafood. Delivered daily and directly, we can guarantee the best quality of ingredients.

BEEF AND POULTRY

We are very particular about the meat we use and take a lot of care to choose only the best. Most of our beef is sourced from either the U.S. or Australia and our lamb is from New Zealand. We also use local poultry, including Ping Ying Chicken, directly from the farmer.

LOCAL FARMS

Most of our vegetables and fruits are locally sourced from places like Common Farms in Aberdeen, Yio Farm in Lantau Island and Farmhouse Productions in Tsat Sing Kong. All our micro herbs, flowers and cresses are sourced from Urban Grow in San Po Kung. The farms also use the process of Hydroponic Farming which reduces the use of pesticides and chemicals to promote a cleaner environment.
