## **BODY MASSAGE**

#### **Royal Javanese**

Experience the Javanese healing and ancestral techniques. This therapy involves smooth yet deep thumb pressure accompanied simultaneously by stroking palm movements to stimulate the body's lymphatic system. The focus of this massage is to provide traditional healing techniques that will leave you feeling pampered and re-energized.

#### **Balinese**

#### Balinese Massage originates from the island of Bali. Our therapist will use a variety of techniques including acupressure, reflexology and aromatherapy. The massage stimulates blood circulation and improves energy flow, relieving areas of tension. Utilizing heated blended oils with natural ingredients including lemongrass and lemon, you will experience full body-nourishment and a relaxed state of mind.

#### Swedish

This rhythmic and relaxing massage begins with a combination of techniques including long gliding strokes, friction, kneading and tapping movements on the deeper layers of the muscles. Swedish massage is particularly effective for increasing blood circulation and allowing the body to absorb more oxygen, in order to achieve mental and physical relaxation, while helping to decrease stress and muscle tension.

#### Therapeutic

Therapeutic massage is highly effective for dissolving aches and strains. The oil is applied to the body using the therapist's elbows and forearms during this stimulating and deeply energizing massage.

#### Aroma Stone

This relaxing massage uses heated stones to generate energy and create a sense of balance and calm. It provides relief to deep-seated muscle tension. Stone therapy is a Native American Indian practice, which has been used since ancient times as a soothing and healing treatment.

#### Jetlag

Long distance travel is physically and mentally exhausting and this treatment works on both levels to help you recover from your journey and adjust to your new environment. The level of treatment for weary travelers depends on the time zone you have travelled from, but your massage is tailored to ensure you get back on track when you are feeling fuzzy, tired and sluggish.

### **Energetic Urban**

Designed for the over-worked, stressed executive, the "Urban Massage" is a treatment that offers pure relaxation. This massage works on stiff, tight, fatigued muscles and neck, shoulder and back tension, stimulating blood circulation throughout your body. Special techniques and selected essentials oil are used to achieve overall relaxation, leaving you feeling refreshed and revived.

## **Oriental Foot Therapy**

This method dates back more than 2,000 years and involves gentle stimulation of acupressure points in the feet that have a direct connection with the various organs and glands in the body. It is based on the Chinese meridian theory of 'energy pathways' in the body that have endings in the feet. Energizing these points can have an overall balancing effect on the body.
