THE HISTORY OF THE AMERICANO

Born in 1860 at Gaspare Campari's Bar in Milano, the Americano cocktail is the father of the Negroni and direct descendant of the Milano-Torino.

The name originates because of the popularity the cocktail drew from the American ex-pats amid prohibition.

The soda lightens the drink and adds a fizzy texture, making it a more easy-to-drink recipe, perfect for the Aperitivo.

THE HISTORY OF THE NEGRONI

Born in Caffè Casoni in Florence, and named after Count Camillo Negroni, the iconic cocktail is now more than a century old.

The legend narrates that the Count in order to strengthen his beloved Americano, he replaced the soda with gin, complementing the other two emblematic ingredients of the Milano-Torino, the Campari and the Vermouth.

At Talea the aim is to portray the authenticity of the Negroni and enhance the recipe with ingredients that together maximize the expression of the cocktail.

The pairing proposed allows the Negroni to express its true flavor profile and complement each ingredient greatly, enhancing the Negroni experience.

THE HISTORY OF THE BELLINI

The Bellini was born in 1948 in Venice, when Giuseppe Cipriani - founder and barman of the Harry's Bar in Venice, combined the world-famous sparkling wine together with a white peach puree, drawing its inspiration from the natural products of the region.

The name takes inspiration from Giovanni Bellini who was a painter in the 15th Century.

In many of his artworks, the pink hues used to showcase the sunset reminded Cipriani of his new invention, hence the homage to the late painter.

At Talea the Bellini is the key to let you feel truly immersed in an Italian ambiance.

The Bellini surrounded by palazzo's frescoes and an Italian atmosphere triggers the sensation that Giuseppe Cipriani first had when delighting himself with his creation.

THE HISTORY OF THE SPRITZ

The Spritz origin dates back to the 19th Century, when the Veneto region in the North of Italy was part of the Austro-Hungarian Empire.

Being the wines of Italy too strong at the time, they were lightened by a splash - A Spritz in German, of water, hence the name.

The recipe slowly evolved and adapted throughout the years. From flat water to soda, to flat wine to sparkling, and eventually the inclusion of a liqueur.

Talea proposes the Spritzers with the classic and most renowned liqueurs of the peninsula to convey true Italian flavors.
