## **HEALTH AND SAFETY ASSURANCES AT MANDARIN ORIENTAL**

### **A MESSAGE FROM OUR CEO**

These are challenging times and now, more than ever, the comfort, health and safety of our guests and employees is our primary concern. Mandarin Oriental's extremely high standards of health and hygiene are all firmly in place at our hotels around the world, and we remain alert to advice, from health experts and government authorities, adapting our best practices accordingly.

As and when your thirst for adventure and new experiences returns, Mandarin Oriental will be here to welcome you with warmth. When you next check-in with us, you will notice certain changes in our procedures to ensure your safety and comfort, including the implementation of our 'We Care' programme.

This has been designed to ensure that you remain well taken care of and still receive the service excellence that you have come to expect from Mandarin Oriental. While we adapt to this new situation, our colleagues continue to surprise and delight our guests with service that truly comes from the heart.

Should you wish to discuss these or any specific concerns you have prior to your arrival, each hotel will be happy to do so directly with you.

In the meantime, I would like to thank you for being a fan and we look forward to welcoming you again soon.
