

THE VERANDAH

VEGETARIAN SPECIALTIES

October 2015

Every year during the ninth lunar month of the Chinese calendar, a Vegetarian Festival is held throughout Thailand. During this time, participants observe a 10-day vegetarian or vegan diet, believing that doing so brings good fortune.

To mark the festival, Chef Pierre and his culinary team at The Verandah have prepared an innovative selection of vegetarian and vegan dishes, which will be on offer throughout the month of October. Throughout the month, this special menu will feature a select collection of organic wines, which are ecologically sourced and nutritionally elevated.
