

THE
ORIENTAL
SPA

A temple of wellbeing, set in a restored century-old teakwood house, The Oriental Spa is an oasis of peace and tranquillity. Guests can discover a range of unique treatments blending traditional Thai and modern Western techniques in private rooms and suites.

The Oriental Spa, which opened as the first city spa in Bangkok, has received numerous awards including a five-star rating by Forbes Travel Guide.

Guests begin their experience with a short boat ride over the River of Kings to The Oriental Spa, which is located directly across the river from the hotel. They are welcomed with a cooling tea and then enjoy a private consultation that allows the therapist to tailor treatments to guests' individual needs.
