LUXURIOUS ACCOMMODATION AT MANDARIN ORIENTAL, BODRUM

Built on a hillside overlooking Paradise Bay (Cennet Koyu), Mandarin Oriental, Bodrum boasts 130 guestrooms and other types of accommodation. Its 59 spacious rooms, 25 luxurious suites, 12 villas and 34 lifestyle apartments are each among the largest in their category on the Bodrum Peninsula, and all have their own sundeck, terrace, or balcony, many with private gardens and infinity pools.

The elegant, contemporary accommodation created by acclaimed international designer, Antonio Citterio, takes full advantage of the resort's outstanding vistas, allowing guests to feel at one with nature. Interior designs successfully combine Mandarin Oriental Hotel Group's oriental heritage and attention to detail with the area's traditional Turkish aesthetic.

Teak and dark wood furnishings with brushed-surface finish are detailed with locally quarried stone, a subtle combination of natural colors in neutral tones, while stonewalls have a grooved texture. Bespoke, hand-woven leather headboards come with discreet built-in nightlights, while sleek, soft furnishings are in a soothing beige color palette.

Overlooking the sea or garden, bathrooms have deep-soaking tubs, powerful walk-in steam showers and twin vanity units with handmade porcelain bowls finished in an oriental turquoise glaze. Floor-to-ceiling windows, large skylights, plants, or an inner courtyard connect accommodation with the outside world, bringing the garden atmosphere indoors, while outdoor terraces, some with private plunge pools, become extensions of the interior, also helping to blur the inner and outer worlds, with the effect of creating a calm, comfortable ambiance, elegant and luxurious. Luxuriously appointed, all types of guest accommodation include sumptuous Turkish rugs and other statement furnishings. Attention to detail is paramount: handy valet closets allow guests to use the laundry and delivery services without being disrupted, beds come with 480 thread count sateen cotton sheets, luxury duvets and hypoallergenic feather
