GUESTROOMS AND SUITES

The accommodation at Mandarin Oriental Jumeira, Dubai has been designed to evoke a sense of refined elegance. Each of the 178 spacious rooms and 78 elegant suites boasts its own breathtaking sea or skyline view and most come with private balconies. No other property in Dubai offers such proximity to the sea from its rooms and suites.

Upon entering the room, guests are greeted with vertical cerused oak panels around the foyer. A decorative finish that involves using different coloured pigments to highlight a wood's natural grain pattern. Cerused oak leaves the wood with a muted colouring and beautiful contrasting veins. Another focal point in the foyer is an oriental chair in black lacquer with mother of pearl inlay.

Complete with a walk-in wardrobe and a spacious dramatic bathroom, the rooms are truly urban retreats in the heart of the city. All bathrooms feature luxurious floating baths, rain showers, shaving mirrors and towel warmers.

Attention to detail has been extended to all aspects and features of the rooms, including the ceilings that are decorated with eclectic zigzag patterns. Inspired by Arabesque patterning the design plays with light and adds warmth. The modern feel extends to Venetian mirrors and a beautiful Balinese chagrin (stingray) finish on the vanities.

The colour scheme is centred around palettes that include one strong colour against a background of linen, cream and velvety beiges. Timber panelling extends into the bathroom allowing the warmth to carry throughout. Bright blues offset by more neutral earthy tones and twinkling golds lend the rooms a distinct ocean feel which instantly evoke a sense of calm constantly bringing the outdoors in.
