## GUESTROOMS AND SUITES

The two stately wings at Emirates Palace, East and West sit at the end of wide marble corridors fanning out from the central dome of the resort and lead to the secluded guest rooms.

Plush carpeting marks the beginning of the guest wings. Muted gold and cream tones cushion the steps of guests and staff. Soft sunlight filters in from skylights and bright windows that open onto quiet courtyards. Polished blond wood bannisters and carved doors create a sense of warmth.

The 302 rooms and 92 suites feature plush carpet, curved marble tabletops, large wardrobes, classic armchairs and sofas, with accents of intricately carved wood and rich textures in sea-inspired pastels and golden hues. Large flat-screen TVs, entertainment centres, and in-room iPads offer the best in in-room entertainment.

Guestrooms feature king-sized beds made up of the finest cotton linens and plump pillows and duvets. Separate sitting areas offer a graceful chaise longue for relaxing, as well as a broad, carved wooden workspace ideal for remote working. The large guestrooms are complemented with spacious bathrooms with marble floors and countertops, giant sunken bathtubs, and soothing rain showers. Each room has floor-to-ceiling windows framed by elegant drapes that open to a private balcony with outdoor seating overlooking verdant gardens, hushed courtyards, or the glistening blue waves of the Arabian Sea.

Every guestroom has an attentive butler to anticipate the needs of every guest, including refreshing the fresh fruit bowl, booking spa appointments, or packing and unpacking guests' suitcases.
