MANDARIN ORIENTAL, JAKARTA – ROOM AND SUITES

Conveniently located in the financial and diplomatic district, [Mandarin Oriental, Jakarta](#) offers 272 spacious and beautifully appointed [rooms and suites](#). All rooms have been designed to the highest standard of luxury, reflecting the Group's positioning and Oriental heritage.

Elegant décor by interior design firm Lim Teo and Wilkes, inspired by Asian and Indonesian culture, giving a contemporary feel, with special touches and attention to detail. Designed to provide a retreat from the hustle and bustle of Jakarta, the accommodation reflects the hotel's signature Southeast Asian style and modern simplicity, with two distinct themes.

A bold Indochine inspired print imparts poetic grandeur to the Chinoiserie-themed rooms. The warm palette provides a backdrop for modern Chinese artwork pieces in the living area as well as bedside tables that feature handles inspired by Indonesian tribal jewelry. In a subtle contrast, the other theme reflects a refined yet modern colonial style. The use of natural-coloured textured wallpaper and classic details in the fixed dark-wood furnishings provides a simple yet elegant setting. Generously sized, all the rooms offer guests a comfortable lounge area, large working table, ample closet space and luxurious bathrooms that come with generous vanities.

Amenities have been specially designed to enhance guests' comfort, with all guestrooms equipped with high quality plush linen and comforters, goose-down pillows, and 480 thread count linen.

Each of the guestrooms is equipped with Mandarin Oriental's guest-centric technology; including 49" LCD TV, multi-function technology ports, surround sound system, wireless and high-speed broadband internet access, mood-control lighting and Inncom room management system.
