The hotel's 25,000-square foot award-winning spa occupies two floors of the hotel and offers a diverse array of holistic services, suitable for every guest. As well as offering the signature wellness therapies for which Mandarin Oriental is recognised, the hotel works with world-renowned specialists such as French podiatrist Bastien Gonzalez and Brazilian plastic surgeon Ivo Pitanguy, to offer exclusive results-driven treatments.

True to its origin, the word "spa" comes from the Latin term *salud per aqua*, or 'health through the use of water'. Consequently, highlights of The Oriental Spa include vitality pools, amethyst crystal steam rooms, experience showers, a Hamam steam and scrub room, Asia's first Moroccan rasul, Roman laconium, herbal sauna, tropical rain saunas as well as 15 private treatment rooms, in addition to an indoor heated swimming pool and [pilates](#) and [yoga](#) studios. For couples, there is also the 65-square metre ultra-deluxe [Sanctuary Suite](#).

Fitness devotees can enjoy the hi-tech [fitness centre](#) with the latest cardiovascular and weight training equipment, including treadmills, step machines, cardio bikes, weight machines and free weights. Wellness programs encompassing pilates, yoga and personal training help guests to achieve a healthy and balanced lifestyle. There is also a poolside café and juice bar where guests can enjoy a healthy bite before and after their treatments or workouts.

Signature treatments include the [Time Ritual](#), designed to restore one's natural state of equilibrium. The treatment is a tailored experience, using natural ingredients and healing elements that have been extracted from ancient traditions.
