## **THE SPA AT MANDARIN ORIENTAL, LAS VEGAS**

The Forbes Five-Star and AAA Five Diamond Spa at Mandarin Oriental, Las Vegas is an urban oasis featuring spacious, sunlit facilities inspired by traditional Eastern philosophies with Western applications. The 27,000-square-foot Spa spans the entire seventh and eighth floors of the property. Day visitors, hotel guests and residents are privy to spectacular views through floor-to-ceiling windows, a rarity in Las Vegas spas. The tranquil ambiance and stunning design sets the stage for a comprehensive range of wellness, beauty and massage treatments. A dedicated team of holistic therapists, led by Senior Director of Spa Jennifer Lynn, offer a sensory experience nourishing the mind, body and spirit.

The Spa embraces a Shanghai 1930s design scheme, evoking a sleek, warm and opulent Art Deco elegance with indigenous elements of a rich Chinese culture. The theme is reflected in the signature Spa uniforms, created by famed “East meets West” designer, Vivienne Tam. Guests can enjoy a comprehensive experience to soothe the five senses, comprised of calming herbal teas, blissful music, aromatic scents, luxurious décor and indulgent treatments. Designed to reflect the elevated level of luxury intrinsic to Mandarin Oriental worldwide, guests are invited on a journey of introspection and rejuvenation during each Spa visit.

Guests are encouraged to arrive 45 minutes prior to their scheduled treatment to experience a wide variety of Thermal Experiences in both the Men’s and Women’s Spas. Water facilities including Vitality Pools, Steam Rooms and Ice Fountains allow guests to relax tired muscles and revitalize dry skin. There are five different Experience Shower journeys to choose from with dramatic light, water and sound functions choreographed into rhythmic interplay. Additional amenities include the Laconium Room, a heated relaxation room with contoured bench-style seating and temperature-controlled Tepidarium chairs, with views overlooking the city.

The Spa experience begins with the exchange of shoes for comfortable slippers, an enduring Asian greeting that signifies the escape from the external world. A welcoming cup of tea is enjoyed before guests are escorted to changing rooms and familiarized with the amenities.

As Time Rituals and Journeys begin, spa-goers are treated to Mandarin Oriental's signature footbath in the privacy of their treatment room. At the conclusion of each treatment, guests are offered water or a signature tea and escorted back to the Zen Relaxation Room.

Decadent Spa Suites give friends and loved ones a private setting. The Couple's Suites – Bamboo, Chrysanthemum, Orchid and Plum – feature private steam showers and breathtaking views.
