Mandarin Oriental's Signature Therapies originate from Oriental philosophy, and combine the relaxing effects of massage with the benefits of bespoke custom-blended essential oils. Mandarin Oriental's signature product line has been developed specifically for the Group by the award-winning UK based company, Aromatherapy Associates. Each aromatherapy-based product has been created according to the oriental principles of five elements: wood, fire, earth, metal and water. The products, which include a range of candles and travel-size oils, are also available for purchase, so that guests can continue using specific blends at home.

Drawing on world inspired therapies and philosophies, a series of holistic treatments are also available.
