GUESTROOMS AND SUITES REDEFINE LUXURY AND COMFORT AT MANDARIN ORIENTAL, WASHINGTON DC

Guestrooms and suites at [Mandarin Oriental, Washington DC](#) delight visitors with décor, marrying Asian elegance with stylish traditional touches, set against the hotel's signature water and district views. Several layouts are made possible by the unique shape of the building, with guestrooms measuring between 400 to 700 square feet.

Providing a luxurious and comfortable residential experience, the hotel's guestrooms were refreshed by Kent Interior Design, Inc in 2016. The stylish décor is accented by shades of celadon and dashes of robin's egg blue that play off earth tones and the rich dark wood furnishings. Understated wall coverings, an elegantly upholstered headboard and media wall, along with lush carpets and drapery contribute to the serene atmosphere. The hotel's Asian heritage is reflected in the exquisite details throughout the room. The mini-bar is discreetly hidden in a custom Asian-inspired cabinet and features items from Dean & DeLuca.

An artfully crafted round mahogany table replaces the traditional hotel room desk. The table features an attached caddie providing internet, phone, international plug and power outlets, as well as serves as a multifunctional space for work, dining and entertaining. Two plush wing back chairs accompany the table for added luxury and comfort.

Each guestroom also includes energy efficient features, high speed wireless internet, video on demand, a Samsung 55-inch 4k ultra-high-resolution LED television with connection to smart devices and Apple TV for personalized media experiences. Accessible power outlets with USB ports at bedside and international adaption ensure constant connectivity.

The spa-inspired marble bathrooms have been refreshed with richly designed textiles, elegant vanity finishes, jetted shower heads, separate soaking tubs, luxurious Atelier Cologne amenities and large dimmable LED lighted mirrors.
