

## **THE SPA AT MANDARIN ORIENTAL, WASHINGTON DC LAUNCHES EXCLUSIVE TREATMENTS WITH BIOLOGIQUE RECHERCHE**

**Hong Kong, 14 September 2016** – [The Spa at Mandarin Oriental, Washington DC](#) is pleased to announce an exclusive partnership with renowned French skincare line, [Biologique Recherche](#) beginning on September 6, 2016.

The truly customized experience includes a Skin Instant© analysis by a Biologique Recherche-trained spa therapist, using the skincare line's unique methodology. A personalized treatment follows featuring products selected based on the guest's analysis to achieve visible results including refined and healthy skin.

The revolutionary *Remodeling Face Machine* completes the tailored experience using ultra-modern bio-electrotherapy and specially formulated products to provide a better defined facial contour. Wider eyes, more prominent cheekbones and less pronounced wrinkles are achieved with a combination of four types of electric currents administered through a meticulous and gentle procedure. To ensure lasting results, an at-home hyper-customized skin care regimen is recommended for each guest.

Spa guests can select from the following facials that have been exclusively designed by The Spa at Mandarin Oriental, Washington DC and Biologique Recherche.

The Spa also provides guests with a bespoke treatment series, *The Haute Couture Program by Biologique Recherche*.
