

SAFETY & SECURITY

SAFETY GUIDE

SAFETY ADVICE

Upon entering your room, kindly be advised to establish the route towards the fire exits which you would take in case of fire. Locate and confirm the position of the fire alarm and extinguisher on your floor. Torchlights are available in your room closet next to the safe deposit box.

SPECIAL ASSISTANCE

If you require special assistance, please dial '0' for Operator.

PREVENT A FIRE IN YOUR ROOM

For your safety and the safety of others, we request that you do not smoke in bed or empty ashtrays into wastebaskets. Please turn off electrical appliances after use, and exercise caution when using matches or open flames. The burning of incense is not recommended.

If you discover a fire

Pull the nearest fire alarm. If possible, close all doors around the fire area in order to keep the fire from spreading. Call the Emergency Number "0".

- Fight only very small fires using a fire extinguisher.
- Avoid large fires. Exit the building as soon as possible.
- Always take your room key, you will need it to get back into your room if smoke or fire blocks your way.
- Stay calm and alert, do not panic. The danger is almost always less than you imagine it to be.

FIRE ALARM EVACUATION

Follow the instructions given over the Hotel's emergency announcement system.

- Take your room key and move cautiously.
- Feel the door handle with the palm of your hand. If the door handle is hot/ unusually warm, do not open it. If the door is not hot, open it carefully but be ready to close it immediately if necessary.
- If there is smoke along the corridor, stay as low as possible.
- Proceed to the nearest emergency exit staircase. Do not use the elevator.
- If your exit is blocked, go back to your room and stay calm. Call the Operator for assistance.
- The assembly area is located at the KLCC park area adjacent to the Kuala Lumpur Convention Centre.

WHAT TO DO IN THE EVENT OF A FIRE

1. Fire Escape Plan

Upon checking into your room, get to know the location of all exits by referring to the plan of the hotel exit staircase which is located at the back of the room door.

2. Fire Alarm Call Points

Familiarize yourself with the location of fire alarm call points on your floor.

3. Fire Extinguisher / Fire Hose Reels

Know where these are located. Read the instructions on the fire extinguisher. It would be an advantage to know how to operate them.

4. Assembly Point

Please note the assembly point is at KLCC Park area adjacent to the Kuala Lumpur Convention Centre.

IF YOU DISCOVER A FIRE

1. Raise The Alarm

Upon detecting any fire or smoke, break the glass of the nearest fire alarm call point. Then, with the nearest telephone, dial "0" for Operator.

2. If Possible, Extinguish the Fire

Use the nearest fire extinguisher or fire hose reel to put out the fire. However, do not put yourself at risk.

3. Evacuate

Should the fire get out of control, close all doors behind you and leave the building immediately by using the exit staircase. (A plan of the hotel exit staircases is located at the back of the room door)

IF YOU HEAR THE FIRE ALARM

1. Second Fire Alarm

If you hear the continuous ringing of the fire alarm, listen to the announcements in 5 different languages (English, Malay, Mandarin, Japanese and Arabic) on the need to evacuate. Leave the room immediately and head to the nearest exit staircase.

2. Do Not Attempt to Pack Belongings

Time is precious. Do not attempt to pack your things, save your life first.

3. Do Not Use Lifts

Never attempt to use lifts to evacuate.

Use the exit staircase instead.

4. Assembly Point

Head towards the assembly point at the KLCC Park area adjacent to Kuala Lumpur Convention Centre.

5. Do Not Attempt to re-enter the Hotel, unless otherwise stated

IF YOU ARE TRAPPED IN YOUR ROOM

1. Inform Someone of Your Presence

Call the telephone operator (dial "0"), beat at the door or signal the people below by attracting their attention from your window.

2. Keep The Fire Out

Wet towels or sheets and wedge them under the door to prevent smoke from entering the room.
