## SINGLE MALT WHISKY

### SPEYSIDE

Fruity & Delicate

Over half of Scotland's malt whisky distilleries can be found within this one region. Speyside, the lush, fertile, valley of the River Spey, is undoubtedly the heart of single malt whisky distilling in Scotland. It's classic flavour of honey, vanilla and fresh fruit (apples, pears) combine to create whiskies that are both sophisticated and elegant with age. Especially when matured in sherry casks, they evolve to deliver dried fruit and sweet spice flavours.

### ORKNEY

Home to the most northerly outpost of whisky making in the world. Two distilleries vie for the honour of the furthest north; Highland Park to be the best all-rounder. It manages to combine a richness and elegance, which appeals to lovers of Speysides; with just enough peat to keep the lovers of Islays interested.

## SINGLE MALT WHISKY

### ISLAY

Peaty & Maritime

Sitting amongst the Inner Hebridean Scottish Isles, rugged, windswept and barren, the island landscapes generally produce single malt whiskies with strong peaty, maritime aromas. The island's malts are unmistakably powerful bursting with flavour, with smokiness apparent.
