AMBER CUISINE

Amber’s progressive menu showcases pure flavours, masterful techniques and chef Richard Ekkebus’s creative vision. Taking a thoughtful approach to fine dining, the new menu dispenses with dairy products, minimises refined sugar and reduces salt. Diners appreciate the flavours in their purest form. Drawing on his years of experience working across four continents, and driven by his innate sense of curiosity, Richard Ekkebus has reexamined how to best express taste. Through his considered approach, the finely constructed dishes showcase clean flavours and the freshest natural ingredients.

SUSTAINABILITY

Amber is committed to exploring solutions to minimise waste, reduce single-use plastics and limit our carbon footprint. As well as implementing a sustainable sourcing policy, Amber seeks the very best natural, nourishing and traceable ingredients. The Landmark, Mandarin Oriental Hong Kong has been at the forefront of eco-friendly initiatives, from banning plastic straws in 2015 and recycling abalone shells to replacing all plastic bottles with branded, reusable ones made of glass.

INTERIOR DESIGN

Refined, light and contemporary, Amber’s inspiring interiors reflect Chef Richard Ekkebus’s renewed vision for fine dining. Featuring warm, neutral colours and organic forms, floor-to-ceiling windows afford guests panoramic views of the city below. Curving low partitions snake through the restaurant creating pockets of intimate dining spaces. Designer Adam Tihany, founder of New York-based Tihany Design, who was responsible for Amber’s original interiors, returned for the full-scale makeover. “The new Amber is light, curvaceous and less formal compared to its original design, which conveyed masculine elegance,” explains Tihany. “It embraces the evolution of fine dining to portray a more approachable, personal experience.”

ARTWORK

Amber features custom-made sculptures crafted by Hong Kong-based artist Gail Deayton. Designed to enhance the dining experience, the sculptures are inspired by the urban landscape surrounding The Landmark Mandarin Oriental, Hong Kong, and the communal spirit of dining together. Moving through Hong Kong’s bustling streets, the landscapes and architecture continually change. Reflecting this experience, each guest will view the sculptures from different angles, noting subtle changes as their viewpoint shifts. The circular designs convey Amber’s holistic, seamless dining experience, incorporating the elements of ambience, service, engagement and execution.
