

Sea Salt Body Treatment

For soft, radiant skin

The **Spa at Mandarin Oriental, Milan** has created a treatment using all-natural ingredients that leaves the skin soft and radiant.

The ritual begins with an exfoliating sea salt body scrub with essential oils that infuses the skin with minerals that support elasticity, leaving the skin glowing and silky soft. Once the skin has been cleansed to better absorb active ingredients, strips of *Macrocystis Integrifolia*, a species of seaweed known for its slimming and detoxifying properties, are placed on the body.

The treatment, which lasts **1hr20min**, concludes with a nourishing scalp massage that provides a feeling of deep relaxation.

The Spa will provide towels, slippers and any amenities required for the above experience. To enhance your Spa visit, we recommend wearing comfortable clothing.

EUR 220 per person
