A pillar, adorned with wallpaper aptly named 'Riflesso' (reflection), divides the dining area from the lounge area, both furnished with original Fornasetti pieces.

Designed as a tribute to Giò Ponti, the Premier Suite consists of a living area, bedroom, master bathroom and an additional guest bathroom.

Decorated throughout with black walnut, the suite features some interesting pieces inspired by the designer's minimalist style, other than an original console table by Giò Ponti and other ornaments created by Christofle and based on Giò Ponti's designs.

The bedroom is equally inviting with elegant furnishings while the adjoining bathroom features a 'Spoon XL' bathtub from Agape, twin vanity unit and walk-in shower.
